That which we persist in doing becomes easier, not that the task itself has become easier, but that our ability to perform it has improved.

August 13, 2010 – Deadline to Complete Work

For High School Students:

All coursework must be submitted by 8/13/2010. This will hopefully allow you to stay on track to move up to the next grade level. This means you may have to work extra this summer.

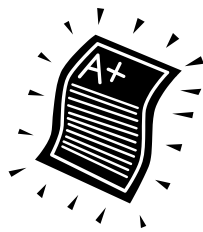

In order to move up to the next grade level you need to have 5 credits completed. You will not move up without these credits.

The more I want to get something done, the less I call it work.

~Richard Bach

Review Exams

We save all exams when they are returned from American School. Come in anytime and look over them. The instructors write positive comments as well as helpful suggestions. This would greatly enhance your knowledge and help you complete the rest of your exams.

Tutoring Available

Don't forget if you get stuck on something, we have tutoring available.

Here are some guidelines to follow:

- Call ahead to schedule a time and to let us know what subject
- Try to answer all of the questions on an exam before you come in
- Use your study guides and your textbooks to answer questions
- Spend the time reading the material for the exams before you ask for help
