CONTENTS

WELCOME TO RANGER PATHWAYS

Ranger Pathways is Hamilton Township High School's career exploration, preparation, and connection program. All HTHS students explore career fields that are consistent with their interests and skills; prepare for college and/or other career-specific training; and connect with businesses or municipalities for internships, apprenticeships, or other valuable work experiences.

The career pathways in this manual include the most in-demand fields in Ohio and were cooperatively designed by Hamilton Township guidance counselors, teachers, and administrators, and by Columbus State CC and our community partners, especially Obetz Jobs. Hamilton students begin understanding their career interests and skills in the sixth grade, then explore potential careers in the eighth and ninth grades. The pathways in this manual help HTHS students know how to prepare to be enrolled, employed, or enlisted upon graduation. Our students' path to graduation and career success begins with Ranger Pathways.

A person wearing a blue jacket stands on a rocky mountain peak with their arms raised in a 'V' shape. The background shows a vast, hazy mountain range under a blue sky. The text is overlaid on this image in yellow brushstroke-style boxes.

THE VILLAGE OF OBETZ

Eastland-Fairfield Career & Technical Schools

COLUMBUS STATE COMMUNITY COLLEGE

**HOW TO USE
THIS GUIDE**

RANGER PATHWAYS SCHEDULE

Grades K-5: Teachers occasionally use instructional materials that enthruse students about careers. Instruction about careers is purposeful, documented, coordinated within and between buildings, and presented without bias or exclusion. Instruction and discussion is age appropriate and anxiety-free. Teachers work with principals to schedule career speakers.

Grade 6: Career exploration is embedded in curriculum, rather than standalone efforts. Students get their first exposure to **OhioMeansJobs (OMJ)**. After creating an OMJ K12 account, each student explores the **OMJ Backpack**.

Grade 7: All students take the **Career Cluster Inventory** and begin exploring careers that support the top results of their Inventory.

Grade 8: All students explore the **Ranger Pathways Career Guide** and schedule classes with College Credit Plus and/or credential pathways in mind.

RANGER PATHWAYS SCHEDULE

Grade 9: Students design their high school experience around their career interest and goals. They continue to explore a variety of careers and are encouraged to consider many careers that align to their interests and skills. The focus is on identifying specific career fields that they can pursue while in high school. Students draft and update a resume in their Ohio Means Jobs (OMJ) Backpack. Students build their Student Success Plan (SSP). The OMJ Backpack is updated as necessary during ADVISORY. College Credit Plus classes are scheduled to support career plans. Excel on your End-of-Courses exams. Meet with a guidance counselor.

OMJ Backpack work that begins in grade 9 continues through grade 12. Begin Career Cluster Inventory, Career Plans, Assessments and Training, Programs I'm Interested In, Schools I'm Interested In, Scholarships I'm Interested In, Explore and save 10 jobs, calculate your target salary, and complete a career profile.

Grade 10: Students are identified and referred as PSAT-ready to take the PSAT. Students begin shadowing experiences. Language Arts classes should include opportunities to research and report on career interests and issues within the careers. Continue OMJ Backpack work. Consider applying to the Eastland-Fairfield Career and Technical Schools. Visit Eastland-Fairfield. Take more CCP classes. Update resume. Meet with a guidance counselor.

Grade 11: All students take the SAT. Sign-up for the ACT, too. Use the assessments in the OMJ Backpack to prepare for the SAT, ACT, and other tests. Visit colleges. Begin an internship or apprenticeship. Consider a career in the U.S. Military. Work on your OMJ Backpack. Update resume. Meet with a guidance counselor.

Grade 12: Complete the FAFSA form. Complete college applications. Request recommendations and transcripts. Update resume. Complete all OMJ Backpack work and wrap-up all work Pathways activities from previous grades.
