HAMILTON LOCAL SCHOOLS DEPARTMENT OF ATHLETICS RULES AND RESPONSIBILITIES

It is a privilege to be a member of an athletic team in the Hamilton Local School District; a right that can only be earned when one abides by the rules of the school and of the game. Our student athletes are expected to be models of good behavior. They are representing the school and the community at athletic events throughout the area. We want to be proud of their efforts.

Any student athlete participating in any school athletic program shall carry either the district's student insurance or provide a written statement signed by the student's parents or guardians that the parents or guardians are providing the insurance.

DIRECTORY INFORMATION

The Hamilton Local School Board of Education defines the following data in the student records as directory information: name; address; date and place of birth; extracurricular participation; achievement awards or honors; weight and height of members of athletic teams; dates of attendance, and date of graduation. Directory information will be released without the consent of the student or the parent unless the school has been notified *in writing* not to release such information.

RULES CONCERNING ELIGIBILITY AND PARTICIPATION

Ohio High School Athletic Association rules concerning eligibility are to be discussed with the squad. *For continually updated OHSAA eligibility requirements, please visit:*
<http://www.ohsaa.org/Eligibility>

As a condition for the privilege of participating in interscholastic extracurricular activities, a student must have attained a minimum grade-point average of 1.5 on a 4.0 grading scale. If a student has a GPA below a 1.5 but is eligible according to Ohio High School Athletic Association (OHSAA) academic policy for eligibility the preceding grading period, the building principal may determine a plan for the students' continued academic progress, and approve the student's participation in interscholastic extracurricular activities, subject to the approval of the Superintendent/designee.

1. Each student athlete must be academically eligible at the start of each sport season according to the Ohio High School Athletic Association (OHSAA) academic guidelines and meet the requirements put forth by the Hamilton Local Board of Education.

ELIGIBILITY REQUIREMENTS FOR HIGH SCHOOL STUDENT ATHLETES

- Minimum scholarship requirement of the OHSAA for grades 9, 10, 11, 12:
- Student athletes must have received passing grades during the previous nine-week grading period in subjects that earn a minimum of five (5) credits per year toward graduation.

ELIGIBILITY REQUIREMENTS FOR MIDDLE SCHOOL STUDENTS

Minimum scholarship requirement of the OHSAA:

Seventh and eighth grade students are eligible to participate in athletics if they have passing grades in four of their classes. Incoming seventh grade student athletes are academically eligible for interscholastic extracurricular activities during the first grading period of the seventh grade.

1. Summer school grades earned may not be used to substitute for failing grades from the last grading period of the regular school year.
2. In order to play in a game, players must be in attendance for one-half day during the day of the game. The student must be in attendance for the entire day on the day following a contest.
3. When a player is removed from or quits a team, organized conditioning or participation on another team is forbidden until the original sport regular season (as defined by the OHSAA) is completed.
4. A student athlete may be declared ineligible by the administrative office for reasons of discipline (which may include, but is not limited to a violation of state, local, or federal criminal or juvenile law).
5. Medical clearance and insurance waivers are required prior to participation. Physicals are valid for a period of time as defined in the OHSAA Handbook (if the pre-participation athletic evaluation is conducted between May 1 and June 1, the pre-participation evaluation, signed by the medical examiner, is valid for one calendar year plus the remainder of the next school year).

A student who is home schooled (excused from compulsory education) and is enrolled in a member school in accordance with the partial enrollment policy of a Board of Education or similar governing board may be eligible at the school where the student is enrolled and attending. Such partial enrollment policy requires that at least one of the courses be taken at the school's physical location. Note: A student entering a member school from a home school must do so at the beginning of the school year after having been home schooled for at least one calendar year. Failure to meet this one-year provision requires the student to be enrolled for a minimum of one grading period before the student can be declared eligible.

● **STUDY TABLE AND INTERIM ELIGIBILITY CHECKS**

Each head coach is responsible for monitoring each student athlete's academic progress during the season. If a coach feels that a student athlete is falling below standard, the head coach can require mandatory study tables for students below standard until his/her academic performance is considered acceptable.

Any student athlete receiving two grades of "D" or below on interim eligibility checks will be required to have his or her grades monitored by the head coach on a weekly basis until the student athlete has a grade of "C" or better in each class or upon a review of the following interim or marking period. Also, upon receiving an interim report, each student athlete receiving two grades of "D" or below will be placed on academic probation and

must attain passing marks in classes that would account for five units of credit to remain eligible on a week to week basis until the next interim report. The Director of Athletics will monitor weekly grades for participation purposes.

NCAA CLEARINGHOUSE

Student athletes that are interested in competing at the college level should become familiar with the NCAA by visiting the web site at www.ncaa.org. This section provides information on how student athletes can comply with NCAA bylaws in order to compete in intercollegiate athletics. It includes information on what high school student athletes need to do to be eligible to compete their first year in college, as well as guidelines that coaches and prospective student athletes must follow during the recruiting process.

PRACTICE RULES

Individual coaches will establish written rules and regulations regarding practice, attendance and conduct at games.

BLOOD DRIVE DONATION

Although blood drive donations are supported by the Hamilton Local School District, due to the immediate negative effects on athletes participating on an athletic team, student athletes are not permitted to donate blood while in season. Athletes are encouraged to schedule a blood donation when not participating in a sport in-season.

- **SUPPLEMENTAL STUDENT ACCIDENT INSURANCE**

The Hamilton Local School District recognizes that student athletes may suffer injuries in the course of attendance at school. Accordingly, the District provides insurance coverage as authorized by Ohio law and makes available to parent's insurance coverage for other incidents. The District is not permitted to use public funds for insurance to cover injuries sustained in the course of attendance at school and is immune from damage as is authorized by Ohio law and Chapter 2744 of the Ohio Revised Code and the Sovereign Immunity Law of the State of Ohio.

The Board provides parents the opportunity to purchase group insurance coverage, at no cost to the Board, for injury resulting from accidents sustained by students in school, on school grounds, at an activity sponsored by the school, while traveling between home and school or in any activity round-the-clock. The purchase of this program is optional.

The Board requires, as per Board of Education Policy JHA, that some type of accident insurance cover students participating in interscholastic school athletics. The insurance may be the accident policy, which has been approved by the Board or a similar policy type acquired elsewhere by the student or his/her parents. The requirements of this policy are contained in the district athletic handbook.

The board maintains insurance coverage for injury resulting from accidents sustained in the course of transportation under the authority of the Board.

SPORTS PER SEASON / TEAM TRANSFER

Student athletes are permitted to participate in multiple sports during the same season. A preseason meeting will be held with the student athlete, Director of Athletics, and head coaches of the two sports involved. The athlete will declare a “primary” sport. A mutually accepted agreement regarding practice schedules and game/meet participation for the entire season will be developed by the Director of Athletics and signed by all participants in the meeting.

If a student athlete is “cut” from a team during a try-out period, he/she may tryout for another team during the same season with permission from the Director of Athletics and head coach of the second sport. Student athletes may not transfer from one sport to another after the first scheduled contest in that sport has been played.

STRENGTH AND CONDITIONING

All student athletes are encouraged to participate in our strength and conditioning program. The program is adjusted to meet the needs of all student athletes, in season and out of season.

- **TRANSPORTATION REGULATIONS**

Student athletes are required to ride the team bus to and from athletic events. Departure from this requirement will release the Hamilton Local Board of Education and its employees from all liability for any adverse results that may occur. Any and all exceptions must have a travel release form obtained from the Director of Athletics, signed by the parent/ guardian and be on file with the Director of Athletics prior to the dismissal of school on the day of the contest. Reasons for not riding the team bus must be urgent to family needs to justify not traveling with the team.

CONDUCT / APPEARANCE

While representing Hamilton Local Schools, each student athlete will display proper conduct and appearance that will create a positive image upon himself/herself, teammates, and the student body of the Hamilton Local School District. Each student athlete will wear the appropriate attire on days of contests, as his/her coach requires. Student athletes are not permitted to wear jewelry during competition, practice or in the weight room. This policy includes student volunteers (managers, trainers, statisticians, etc.) and injured athletes still on the team.

First Violation-Warning, asked to conform to appearance expectations. All Subsequent Violations-Denial of participation from the game, contest, meet or match.
